RECITALS

WHEREAS, Landlord is the owner of certain real property located at 20315 Georgia Avenue, Brookeville, Montgomery County, Maryland, as is more particularly described in **Exhibit A** attached hereto and made a part hereof ("**Property**"); and

WHEREAS, the County has identified the Property as a desirable location for the County's communication equipment; and

WHEREAS, the purpose of this Agreement is to permit the County to lease a portion of the Property in order to install, operate and maintain a wireless telecommunications facility ("**Communications Facility**").

NOW THEREFORE, for good and valuable consideration, the sufficiency of which is hereby acknowledged, the Parties hereto covenant and agree as follows:

1. Leased Premises and Use:

(a) Landlord leases to the County a portion of the Property, shown as all the property within the square box demarked on the attached **Exhibit B**, labeled as 'Proposed 70' x 70' Compound Fence' ("**Leased Premises**"). The County shall be permitted to install, operate and maintain at the Leased Premises, among other equipment, an antenna support structure on which the County may install its antennas and sublet space to third parties to locate antennas in the manner permitted in this Agreement.

(b) The Leased Premises shall be limited for use by the County for the purposes of installing, operating, maintaining, repairing, upgrading and replacing the communication equipment described in **Exhibit C** attached hereto and made a part hereof ("**Communications Equipment**") and installing utilities to provide utility service to the Communications Equipment. As used in this Agreement, Communications Equipment will include an antenna support structure, antennas, cables, equipment cabinets, , shelters, generators, fuel tanks and any and all structures and equipment needed to construct, operate or maintain the Communications Facility. The County is permitted to construct a security fence to secure the Communications Equipment at the Leased Premises, so long as said construction is in conformance with all applicable laws.

2. Easement for Ingress & Egress to Leased Premises:

Landlord grants the County a non-exclusive easement for utilities and access at all times (24 hours/day, 7 days/week), on foot or by motor vehicle, including trucks, to access the Leased Premises from the nearest public right-of-way on Bordley Drive to the Leased Premises, which easement is approximately 150 feet in length and 30 feet in width, and is labeled on the attached **Exhibit B** as 'Proposed 30' Access and Utility Easement' ("**Easement Area**"). The Easement granted by this Agreement is coterminous with the Lease and shall terminate upon termination or expiration of this Agreement. Landlord agrees to consider granting additional easements on the Property to the County that may be necessary to construct and operate the Communications Facility, which easements shall require the mutual agreement of the Parties and recording among the land records of Montgomery County.

3. Term and Commencement Date:

(a) This Agreement shall be effective as of the date of execution by both Parties (the "**Effective Date**"). The initial term of the Agreement shall be five (5) years ("**Initial Term**"). The commencement date for the Initial Term shall be the earlier to occur of: (i) the first (1st) day of the month following the month in which the County obtains its final permits and Government Approvals (defined in 6b below) to construct the Communications Facility, or (ii) the date which is one (1) year after the Effective Date, unless otherwise agreed in writing prior thereto by Landlord ("**Commencement Date**"). Landlord and the County agree that they shall execute a written acknowledgement confirming the Commencement Date. In the event that the County has not received all necessary approvals for use of the Leased Premises within eighteen (18) months from the Effective Date, the County may terminate this Agreement immediately without further liability hereunder. Landlord may extend the time period for the County to obtain all necessary approvals upon the County's written request for an extension which must be accompanied by

evidence that it has been and is continuing to diligently pursue the required approvals.

- (b) This Agreement will automatically be extended at the end of the Initial Term for four (4) additional renewal terms of five (5) years in each term (individually, a "**Renewal Term**"), unless (i) the County is in default of the Agreement at the end of the then current term or at the commencement of the Renewal Term and Landlord has provided at least thirty (30) days' written notice to the County that Landlord will not renew the Lease, or (ii) the County terminates the Lease at the end of the then current term by giving Landlord written notice of the intent to terminate at least thirty (30) days prior to the end of the then current term, or (iii) the Agreement is terminated earlier in accordance with the provisions of this Agreement. Each Renewal Term shall be upon the same terms and conditions which were in effect before the end of the last Renewal Term with the appropriate rental rate increases defined in Section 4. If the County holds over after the expiration or termination of the Agreement, the tenancy shall be a tenancy from month to month at a monthly rent of the rent due for the last month under this Agreement prior to expiration or termination, until the County vacates the Leased Premises and cures any uncured default under the Agreement.
- (c) The Initial Term, and any Renewal Terms, are referred to in this Agreement as the **Term**.

4. Rent:

- (a) The County must pay Landlord, as annual rent, Thirty-One Thousand, Eight Hundred Dollars exactly (\$31,800.00) ("**Fee**" or "**Fee Payment**") in equal monthly installments of Two Thousand Six Hundred Fifty Dollars and No Cents (\$2,650.00). The initial Fee Payment is due prior to the Commencement Date, and thereafter, in advance, on the first day of each month in which it is due, at Landlord's address specified in Section 17 below.
- (b) The Fee increases by 3% percent annually on each anniversary of the Commencement Date.
- (c) If the County fails to pay the Fee to Landlord on the date required in this Section 4, the County must pay a late charge of five percent (5%) of the total amount of the Fee Payment if the Fee Payment is made more than ten (10) calendar days after the due date.
- (d) Except for the soil boring tests provided under Section 6(c) and Section 10, the County will not install any of the Communication Equipment on, or

in any way disturb, the Property until the Commencement Date and payment of the initial Fee Payment.

5. Taxes and Operating Expenses:

- (a) At the County's sole cost and expense, the County must have separate utility meters installed at the Leased Premises to measure the utility consumption of its Communications Facility. The County must contract with, and make direct payment to the public utility companies for the installation of the utility meters and for all utilities consumed by the Communications Facility. If the public utility companies require easements on the Property in order to install the utilities, Landlord agrees to cooperate with said utilities to the greatest extent possible in the granting and recording of such easements among the land records.
- (b) Any tax, assessment, levy, charge, fee, or license directly attributable to the County's leasehold improvements on the Leased Premises ("**Assessments**") must be paid in full by the County within thirty (30) days of the County's receipt of any bill evidencing such Assessment.

6. Permits, Soil Borings and Governmental Approvals:

- (a) Landlord agrees, at the County's sole cost and expense, to exercise commercially reasonable efforts to cooperate with the County in obtaining any licenses, permits and other approvals required by any federal, state or local authority for the County's use of the Leased Premises and the installation and use of the Communications Equipment.
- (b) It is understood and agreed that the County's ability to use the Leased Premises is contingent upon its obtaining all of the certificates, permits and other approvals (collectively the "**Governmental Approvals**") that may be required by any federal, state or local authorities, as well as a satisfactory environmental report including soil boring tests, which are required for the County's use of the Leased Premises prior to the Commencement Date of this Agreement. Landlord, at the County's sole cost and expense, will use commercially reasonable efforts to cooperate with the County in its effort to obtain the Governmental Approvals and shall not make any changes to the Leased Premises that would prevent the proposed use thereof by the County.
- (c) In the event that, prior to the Commencement Date: (i) any of the County's applications for Governmental Approvals are rejected; (ii) any Governmental Approval issued to the County is canceled, expires, lapses, or is otherwise withdrawn or terminated by a governmental authority; (iii)

the County determines that such Governmental Approvals may not be obtained in a timely manner; (iv) the County determines that the Leased Premises is no longer technically compatible for its use; or (v) the County, in its sole discretion, determines that it will be unable to use the Leased Premises for its intended purposes, the County shall have the right to terminate this Agreement. Notice of the County's exercise of its right to terminate this Agreement under this subsection must be made prior to the Commencement Date and must be given to Landlord in writing in the manner required under Section 17.

7. Indemnification:

- (a) The County agrees to indemnify Landlord and save it harmless from and against any and all claims, actions, damages, liability and expense in connection with loss of life, personal injury and/or damage to property arising from or out of any occurrence upon or at the Leased Premises, or the occupancy or use by the County of the Leased Premises or any part thereof occasioned wholly or in part, to such extent, by any negligent act or omission of the County, its agents, contractors, or employees, except in the case of the negligence, wrongful acts or omissions of the Landlord, its agents or employees. The County's liability under this paragraph is subject to, limited by, and contingent upon the appropriation and availability of funds, as well as the notice requirements and damages limitations stated in the Local Government Tort Claims Act, Section 5-301 et seq., Courts and Judicial Proceedings Article, Annotated Code of Maryland (together the "County Indemnification Statutes"), all as amended from time to time. This indemnification is not intended to create any rights or causes of action in any third parties or to increase the County's liability over and above the caps provided in the County Indemnification Statutes, as applicable. Nothing herein shall be construed to abrogate, impair, or waive any defense to liability, damages limitation, or governmental immunity of Landlord, its members, officers, employees, or agents pursuant to Maryland law, or otherwise.
- (b) Landlord shall not be responsible for any loss or damage to the Communications Equipment or the Communications Facility or for damage to any person or any property in or upon the Leased Premises, except to the extent such loss or damage arises out of the misconduct or negligence of Landlord or any of the Landlord's agents, servants, or employees, and will indemnify County for any such loss or damage that arises from same.

8. Compliance with Law:

The County must, at its sole cost and expense, comply with all of the applicable requirements of the county, municipal, state, federal, and other applicable governmental, authorities, now in force, or which may hereinafter be in force.

9. Electrical or Magnetic Interference:

- (a) The County warrants that its Communications Equipment will not materially interfere with use and enjoyment of the property by Landlord or any third party located at the Property, including material interference with the communications system of Landlord or any such third party. Material interference must be measured in accordance with industry standards at the time of the alleged material interference. In the event a material interference is identified as being caused by the County's Communications Equipment, the County will immediately power-down the equipment causing the interference (permitting power-up for intermittent testing) until such interference issue is resolved.
- (b) Landlord warrants that it shall not allow any use of the Property by it or any third party to cause material interference with the County's use of the Leased Premises. In the event of such material interference, Landlord will immediately require the interfering party to immediately power-down and disable the interfering equipment until such interference issue is resolved, and later powering up such equipment for intermittent testing must be accomplished in the manner required by the County and the applicable safety organizations whose operations were materially interfered with. If the material interference is not remedied within thirty (30) days of the County's initial notice to Landlord, the County may terminate this Agreement, in addition to the right to pursue any available legal or equitable remedies.

10. Survey Period:

After the Effective Date, the County shall have access to the Leased Premises during business hours for the purpose of performing necessary engineering surveys, inspections, environmental testing and other reasonably necessary tests relating to the County's proposed use of the Leased Premises. The County must provide Landlord with advance written notice of each exercise of its rights under this Section 10. The surveys and inspections by the County may not disturb any of the Leased Premises without Landlord's consent, which consent shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the immediately forgoing sentence, upon the Effective Date Landlord grants the County consent to conduct land disturbance activities and tests at the Leased Premises limited to drilling soil boring holes. The County agrees to restore to its prior condition any portion of the Leased Premises disturbed by the County within ten (10) days of any disturbing activity.

11. Improvements:

- (a) Installation and maintenance of the County's Communications Equipment must be done at the County's sole expense, using contractors who are fully licensed to perform the work, Such work must be performed in accordance with all applicable laws.
- (b) The County must not damage the Property, the Leased Premises or any personal property or fixtures located on the Property and must repair any damage caused by the County or its employees, agents or contractors within thirty (30) days' after receiving notice of the damage from Landlord to the same condition as it was before the damage.
- (c) It is understood and agreed by and between the Parties that the Communications Equipment remains, at all times, the property of the County, and the County shall have the right to remove, replace and upgrade the same, as provided in Paragraph 1(b), at any time during the Term, whether or not the Communication Equipment is considered to be fixtures and attachments to real property under applicable laws. It is further agreed that upon the expiration or earlier terminations of this Agreement the County shall, at its sole cost and expense, remove the Communications Equipment and return the Leased Premises to its condition on the Effective Date, reasonable wear and tear expected.

12. Maintenance:

- (a) The County must maintain the Leased Premises free of hazards and debris and in good condition and in a safe state of repair and without interfering with the Landlord's use of the Property.
- (b) Landlord shall maintain the Property and the Easement Area in good condition and safe state of repair and must avoid interference with the County's use of the Leased Premises and the Easement Area. The Landlord must maintain the Property in a such a state that grass, vegetation, and natural or man-made items located on the grounds do not interfere with the County's access to the Communications Facility and Communications Equipment.

and any extension thereof, general liability insurance with bodily injury limits of \$400,000 per person, \$800,000 per occurrence, and property damage insurance with a limit of \$400,000. The County shall have the right to self-insure. These are the maximum limits of liability for which the Montgomery County Self-Insurance Program is responsible, as determined by the Local Government Tort Claims Act, Section 5-301 et seq., Courts and Judicial Proceedings Article, Annotated Code of Maryland, as amended (the "LGTCA"). If the LGTCA is amended to increase any of these limits, then the increased limits shall automatically apply to this Lease.

14. Access:

Landlord shall have access to the Leased Premises for the purpose of inspecting, maintaining, and repairing the Leased Premises, provided that such access does not interfere with the County's operations, and upon 48 hours prior notice to the County by phone to the County at the Radio Shop, 240-773-8000, except in an emergency upon which occurrence no notice will be required, but Landlord will provide notice to the County as soon as reasonably possible under the circumstances.

At no time shall the Landlord have access to the interior of the County's shelter or to its generator.

15. Default; Remedies:

- (a) Tenant Default. In the event there is a breach by the County with respect to the County's obligations under this Agreement, Landlord shall give the County written notice of the breach.

After receipt of such written notice, the County shall have fifteen (15) business days in which to cure any monetary breach or thirty (30) days in which to cure any non-monetary breach.

The County shall have an extended period as may be required beyond the thirty (30) days if the nature of the cure is such that it reasonably requires more than thirty (30) days and

- (i) the County commences the cure within the thirty (30) day period,
- (ii) provides a plan to complete the cure within a reasonable time that is approved in writing by Landlord, and
- (iii) thereafter continuously and diligently pursues the cure to completion.

Landlord may not maintain any action or effect any remedies for default against the County unless and until the County has failed to cure the breach within the time periods provided in this subsection. Upon the County's default and failure to timely cure, Landlord may proceed to recover possession, in addition to any other rights and remedies available to it for such default under the laws of the State of Maryland.

- (b) Landlord Default. In the event there is a breach by Landlord with respect to any of the provisions of this Agreement or its obligations under it, the County shall give Landlord written notice of such breach.

After receipt of such written notice, Landlord shall have thirty (30) days in which to cure any such breach.

Landlord shall have such extended period as may be required beyond the thirty (30) days if

- (i) the nature of the cure is such that it reasonably requires more than thirty (30) days,
- (ii) Landlord provides a plan to complete the cure within a reasonable time that is approved in writing by the County, and
- (iii) Landlord commences the cure within the thirty (30) day period and thereafter continuously and diligently pursues the cure to completion.

The County may not maintain any action or effect any remedies for default against Landlord unless and until Landlord has failed to cure the breach within the time periods provided in this subsection. Upon Landlord's default and failure to timely cure, the County may terminate this Agreement, in addition pursuing any other rights and remedies available to it for such default under the laws of the State of Maryland.

- (a) Any assignment of this Agreement or subleasing of any portion of the Leased Premises requires the prior written consent of Landlord, which consent shall not be unreasonably withheld, conditioned or delayed.
- (b) With Landlord's prior written consent, the County shall have the right to enter into sublease agreement to allow other communication providers ("**Additional Users**") to mount antennae on the Communication Facility's

antenna support structure in a manner substantially similar to that of the County. Both Parties acknowledge the desire to make the Communication Facility's antenna support structure available for use by Additional Users, rather than construct and install additional antenna support structures. In connection therewith, the County must ensure that Additional Users have secured all governmental approvals required to locate on the antenna support structure and the County must have a structural analysis performed by a licensed engineer to demonstrate that the Communication Facility's antenna support structure can accommodate such Additional Users' equipment and provide a copy of the same to Landlord. The County must not use the ground space in the Property to accommodate the equipment of Additional Users.

Landlord retains control of the ground space in the Property and shall have the right, in its sole and absolute discretion, to enter into agreements with Additional Users for placement of their equipment in the manner approved by Landlord.
